Welcome to Week 11.

Welcome to the final week of school for 2021. It has certainly presented some challenges for our school community this year. Lockdowns, social distancing, restrictions on sport, choir and excursions to name a few. Whilst we have worked around a myriad of restrictions our students have worked hard to make the most of the opportunities that have been provided.

Last week we held our Presentation Assemble via live stream. The event was a showcase for the students and their achievements throughout the year. Congratulations to all students who have worked so hard during the year on their academic learning, wellbeing and sporting achievements.

Reports are to be sent home today. As I read through some of the student's reports it highlighted the fact that despite the disruptions, many of our students have achieved outstanding results and should be proud of their commitment they have made this year.

I look forward to 2022 as our school's substantive principal and hopefully the year will be restriction free and run more smoothly. At this stage we have little information around what guidelines will be in place at the beginning of 2022, but I will communicate these to parents as soon as possible. We look forward to welcoming our new kindergarten students and working hard to improve outcomes for all students.

I wish everyone a safe and happy Christmas holiday period and a Happy New Year.

The final day for students this week is Thursday. I wish you all a Merry Christmas and Happy New Year. School resumes for all students on Tuesday 8th February 2022.

Regards
